

Pixable is looking for a Design Intern, that could lead to a full time position.

Our Design Intern will work with designers, developers and product managers to build Facebook applications related to photos. Our applications are used by millions of users.

What you need to know:

Compensation:

- We provide a base stipend starting at \$400 per week
- We require a minimum of 40 hours per week (Monday-Friday)

Responsibilities:

You'll work with a variety of digital media to design and build eye-popping work. While specific responsibilities are reliant on previous experience, rest assured you'll have ample opportunity to practice new skills and express your ideas in a collaborative, creative environment.

Skills:

- A general understanding of (and love for) digital design is essential, so make sure you've got a solid handle on composition, animation, motion graphics, video and typography.
- Working knowledge of Flash, Photoshop and Illustrator.
- AfterEffects and 3D software are a plus
- Internships are intended for undergraduate students or recent grads who less than a year of experience – Graduate students (and beyond) are free to apply

Application requirements:

Resume, cover letter, portfolio (online or electronic, please).
